Eliza eventually finds God, but he is not the all-powerful and benevolent being she expected. He is a cranky old man who is more interested in playing video games than helping people. Eliza is disappointed, but she does not give up. She convinces God to give her one chance to perform a miracle.

Eliza travels to Earth and performs a miracle for her father. He is healed of his cancer, and Eliza is overjoyed. However, she soon learns that miracles come at a price. The miracle has caused a ripple effect that has had unintended consequences for others. Eliza must now deal with the consequences of her actions and decide whether or not she was right to perform the miracle.
